Southington, Connecticut

Authorization of a Parent or Guardian for the Administration of
IBUPROFEN OR ASPIRIN SUBSTITUTE CONTAINING ACETAMINOPHEN

Connecticut State Laws and Regulations allow licensed nursing personnel, or in their absence, the principal or teacher to administer ibuprofen or an aspirin substitute containing acetaminophen to a student with the written authorization of a parent or guardian on the form designated for this purpose. These medications are to be provided in the original, unopened, labeled containers and are to be delivered to the nurse by a parent, guardian or other responsible adult. Due to the possible incidence of Reye's Syndrome, **a student's private physician's order is required for the administration of Aspirin.** Ibuprofen should not be given to Aspirin sensitive or allergic individuals. Even though this product contains no Aspirin or Salicylates, a cross reaction may occur. **Ibuprofen may not be given to children under 12 years of age without a private physician's order.**
