HIGHLIGHTS OF TUITION AND FEES CHANGES FOR 2022-2023

ENROLLMENT FEES are similar this year with regular and late enrollments of \$50/100 per student (paid up front through FACTS FamilyPortal) based on the date of enrollment. Please see the chart on the front page. During the online enrollment process, families who pay more than the maximum per family (\$150/300) will receive a credit on their account for the difference (applied during the summer). **NOTE: All students must re-enroll online through a link on the FACTS FamilyPortal.**

MATERIAL AND ACTIVITY FEES have been adjusted according to current textbook rates. The material and activity fee covers the cost of the textbooks along with other items. In addition, each family will receive one yearbook. Extra yearbooks may be purchased at an additional cost.

TUITION has a very slight increase this year.

ADDITIONAL FEES – The 9-12th grade choir/hand bells performance outfit expense will vary per student depending on if the student already has items from the previous year.

ATHLETIC FEES will remain the same. The fee for each sport covers the actual cost of that sport's referees, transportation to away games, uniform replacement every five years, and equipment replacement. The greater expense generated by the athletic program, including coaching salaries, tournament fees, gym and field maintenance, additional utilities, liability insurance, and vehicle insurance, is met primarily through the general tuition paid by all students.
